

CITIUS

Broadband Without Limits

KeenLogic's Citius is a microwave broadband technology designed to deliver unlimited superior speed and true redundancy utilizing radio spectrum. Citius specifically caters to the federal government's continuity of operations plans by providing reliable, dedicated, secure access to internal networks, and to the Internet of Things by supplying a continuity of communication platform that will stand in the face of natural disasters, manmade catastrophes, and acts of terror. Citius bypasses the reliance on local underground fiber by deploying a dedicated, point to point, wireless communication lifeline to protect and preserve Government mission critical operations.

CORE COMPETENCIES

- **Unlimited Speed** Gigabyte Speeds and Beyond!
- **NIST Compliant** Citius security is fully complaint with NIST and FISMA Guidelines
- **Synchronous** Equal speeds up and down
- **Ability to Burst** Go beyond your contract speeds without being slowed down
- **Cost Savings** A superior system with guaranteed savings!

DIFFERENTIATORS

- **Guaranteed Speed** Citius always delivers the speed contracted for (Not up to, or subject to network traffic)
- **Proven Reliability** Citius has **NEVER GONE DOWN for bad weather!** Even during Hurricane Sandy!
- **Customer Service** Proactive customer connectivity monitoring 24/7, and local phone/on-site support
- **True Redundancy** Through the air, not underground!
- **Defense-In-Depth** Layered protections, NSA recommended network devices and configurations.

PAST PERFORMANCE

Citius was deployed at FCC HQ in D.C. on a trial basis as a backup communications platform to support continuity of operations as well as their internal WiFi networks. The FCC's CIO Dr. David Bray took interest in Citius as part of his modernization initiative and asked us to install a trial to prove its power and capability. We were successful, as Citius proved its superior speed, security, reliability, and power. On the commercial side, some of our customers include the National Restaurant Association, Clark Construction, Blake Real Estate, Uber, Monday Properties, and Feature Story News.
